

**Kolbcoffee**  
*Creating Experience*

The background image shows a modern coffee shop interior. There are several large, round, white pendant lights hanging from the ceiling. In the background, there are shelves with various coffee-related items, including cups and a coffee machine. A person is visible in the background, possibly a barista or customer. The overall atmosphere is clean and contemporary.

## ONE STOP BEVERAGES SOLUTIONS

Kolb Coffee, a member of Kolb Hong Kong, was founded in 1986. We source only premium grade coffee beans from the best growing regions around the world including Brazil, Colombia, Kenya, Ethiopia and other major Central American and East African countries. Each single batch is roasted freshly by professional roasters and applies consistent quality control points to ensure optimum flavors and freshness from seed to cup.

Kolb is proud to be a premier supplier in Hong Kong to serve well-known eateries, hotels, restaurants, coffee shops, clubhouses, offices and discerning individuals for one stop coffee solutions including roasted beans, filter coffee, pod, capsule, as well as world class coffee equipment with prompt technical support and delivery.

At Kolb Coffee, your individual need is the challenge we love. Our team of barista trainers and service technicians are dedicated and ready to prepare your distinct signature drinks.

# FREE COFFEE TASTING

*Cafe style coffee for your guests and staff*

**Kolb Coffee** offers exclusive benefits to serve café style coffee to your valuable guests, clients and staff in the most convenient way.

Our benefits include various selections of premium coffee beans (roasted in Switzerland and Italy) with free delivery service, supply of fully-automatic coffee machines including professional technical support, set-up, training and monthly on site maintenance. Our customized one-stop coffee solution fits your different needs

# ROAST REVOLUTION

A micro roastery by coffee lovers whom are committed to the creation of coffee blends that uniquely belong to Hong Kong.

We source the best harvested beans from around the world and select carefully the perfect ones, roasted freshly to ensure quality and freshness.

We offer quality blends that are named by Hong Kong's historical & modern signature landmarks, balance, complexity and devotion to the place we belong to.

## ROCKY ROAD

Full City Roast  
00000

Origin from Brazil, Colombia, Ethiopia, Panama

Tasting notes: Chocolate cookies, marshmallows, caramel pudding

**Rocky Road**, a popular venue for photo shoots and movie scensis. It is one of the oldest street covered with cobblestone drop sharply to Queen's Road Central, filled with sense of Britian colonial culture. Let's try out the coffee and travel back in time, shall we?

Coffee bean

## FRUITS MARKET

Full City Roast  
00000

Origin from Brazil, Kenya, Guatemala

Tasting notes: Tropical fruits, berries, citrus notes

**Yau Ma Tei Fruit Market**, a listed as Grade II historic building found in 1913 by a food trader. It's a good place to walk through history and feel the sentiment of old Hong Kong. Can you imagine while the coffee is infused with Japanese peaches, Thailand mango and Taiwanese pineapple? Yea? Juicy and fruity!

**CIRCO**  
brewer

### Sprso

- Incorporates professional CIRCO brewer
- Made from high quality stainless steel & BPA-free plastics
- Automatic rinse and cleaning program
- Extremely low energy consumption in standby <0.5W
- The CIRCO brewer is NSF certified, meaning that it meets public health and environmental safety standards

Sego espresso machine is fully automatic. Specialty coffees are made using freshly ground coffee beans. Easy to use, by intuitive touchscreen. Fresh milk or milk powder is also possible. Sego L even makes milky coffees, like a Cappuccino, with fresh milk foam. Thanks to its compact format and simple operation, the Sego is a popular coffee machine for the office. A nice extra: if the Sego hasn't been used for some while it automatically switches into energy-saving mode.

DOMETIC | MF- V5M

Made in China

Dimensions:	313(H) x 190(W) x 305(D) mm
-------------	-----------------------------

Power:	220V / 45W
--------	------------

Net weight:	3.7kg
-------------	-------

Colour	Black <input checked="" type="checkbox"/> Silver <input type="checkbox"/>
--------	---

Advantage :

- Thermoelectric Mini Refrigerator
- 5 Liters Refrigeration technology
- Selections of 'warm', 'cold' and 'high cold'
- Up to 5 to 15°C below ambient temperature
- Stores up to two 1-litre milk cartons

# SEMI AUTOMATIC COFFEE MACHINE

**La Spaziale** was established in 1969 by a group of people with a dazzling and revolutionary history in the espresso industry. Producing out of the ordinary results, La Spaziale brings together the latest promising technology with years of unswerving espresso brewing experience.

The Vivaldi line by La Spaziale has been updated several times now, including the very popular Mini Vivaldi II. Now it comes the latest iteration of the Mini Vivaldi, the S1 Dream T. This machine features a newly designed programmable touchpad, similar to other electronic screens and displays.

## COMPACT S1 DREAM 1 GROUP

LA SPAZIALE

Made in Italy

Features :	<ul style="list-style-type: none"><li>• 1 Steam wand</li><li>• 1 Hot water outlet</li><li>• 1 Delivery group diameter: 53mm</li><li>• Graphic display</li><li>• Electronic temperature regulation</li><li>• Personalized barista settings</li></ul>	
Suitable for :	<ul style="list-style-type: none"><li>• Café</li><li>• Bar</li><li>• Fine Dining Restaurant</li><li>• Takeaway Shop</li></ul>	

## An Italian coffee machine, the best orchestra

High Quality professional and traditional espresso coffee machines single copper boiler with thermosiphonic supply system with E61 groups. Today more than ever we are sure that the artigianal production of traditional machines has been the right philosophy as a single boiler machine conceived with the right skills will perform (extraction and steam) as well as multi boiler machines or richer in electronic content but more stable, reliable, easier to use and less demanding as far as maintenance is concerned.

**Nota** is a 1 group professional espresso coffee machine with thermosiphonic supply system, E61 "Levetta" (lever) brewing raised group, 3 litres copper boiler, switch for water loading selection (from tank of 2,2 litres with capacitive level detector or from the water system), professional sized rotary pump for the coffee extraction, automatic boiler water loading, motor pump with air cooling, pipes of copper and pipe fittings of brass, protection thermostat for heating element, separate boiler pressure and water pressure gauges, 1 signal lamp for working machine and 1 for water lack in the tank, easy to adjust boiler pressure switch essential for different coffee types and blends, frame of satined stainless steel AISI 304.

## NOTA 1 GROUP

ORCHESTRALE

Made in Italy

Dimensions:	430(H) x 370(W) x 440(D) mm

**Saeco Perfetto** is a stylish and affordable, yet heavy duty and reliable machine which will deliver all day long.

Designed for foodservice professionals, the Perfetta Tall Cup is ideal to prepare “take away” espresso beverages as the filter holders can accommodate cups up to 13 cm tall.

This heavy-duty machine combines many features to make an extremely versatile coffee machine. Features one steam wand, a hot water dispenser, two group heads for up to 4 coffees at once, programmable automatic coffee measurement and a movable stand for smaller cups. Large heavy-duty touch-sensitive keypads facilitate the barista's work. The stainless steel wire drip tray ensures the serving cups are always clean. These built-to-last machines have no plastic in their body panels.

### An Italian coffee machine, the best orchestra

High Quality professional and traditional espresso coffee machines single copper boiler with thermosyphonic supply system with E61 groups. Today more than ever we are sure that the artigianal production of traditional machines has been the right philosophy as a single boiler machine conceived with the right skills will perform (extraction and steam) as well as multi boiler machines or richer in electronic content but more stable, reliable, easier to use and less demanding as far as maintenance is concerned.

**Radiofonica** is inspired by the radio orchestra (orchestra radiofonica) born almost a century ago, that allowed many people to be able to listen the real orchestras that previously could not attend. With the same spirit Radiofonica is born as a traditional machine that wants to give an easier and simpler opportunity to even more people all around the World to enjoy a good and traditional coffee extraction.
